

## How to prepare for a day at camp

Our days begin at 9:30am in our wonderful outdoor classroom. Please bring your child to camp wearing **a bathing suit, clothing on top (if he/she wants it), WITH sunscreen and bug spray already applied.** Please do NOT put these items in your child's back pack. Each day your child should bring:

- A snack, lunch and water bottle. We are a “nut aware” school, so do not send any nut products of any kind. Snack bags, lunches AND water bottles MUST have names. Food will stay in their bags until snack time, however, they will have access their water whenever they are thirsty. Please **pack snack and lunch in separate containers** and let your child know which is which each morning.
- Water shoes, sandals or crocs (please **do not send your child in flip flops**)
- A complete change of dry clothing (can be another bathing suit and t-shirt)
- Diapers, wipes, pull ups as needed
- A beach towel
- Sunglasses and a sunhat are strongly encouraged
- Please label everything with your child's name
- Rain gear for drizzly days, **we will go inside only in the case of hard rain or lightening**

Our day will be completely outside with free play, art activities, and lots of fun outdoor centers. Snack will be eaten outdoors on individual beach towels and lunch will be eaten on our picnic tables. Unless a child is very uncomfortable, we will not be changing as part of our day. We will end with a story and songs in the shade. **Pick up time is 1:00 pm** also on the playground. We follow the same late fee schedule as we do during the CCNS school year.

My email is [educ.dir@ccnsct.org](mailto:educ.dir@ccnsct.org), and my cell is 203-722-1664.

We are looking forward to many fun days playing with your child in our relaxed, creative, nurturing summer camp. Please do not hesitate to contact me if you have any questions.
